D. No 3843/20

Sir,

Copy 9-

I have the honour to forward herewith a note submitted by the Chief Ration Census Officer, Bangalore City, reporting that the scrutiny of the forms received at the time of the Ration Census has involved more time than he had anticipated. He reports that, for reasons explained in his note, he could not get the full complement of clerks till recently. As against a monthly expenditure of Rs.2592/- sanctioned for his staff, he has, upto 1st November 1943 (i.e., during September and October 1943 ~~put together~~) utilised only Rs.1896-4-0.

2. In these circumstances he requests that the time for the distribution of the fresh cards be extended by another ten days i.e. till 10th December 1943, and with a view to carry out the heavy work ahead, in time, he requests permission to grant an overtime allowance to his clerks at the rate of Rupees five for every thousand cards written. The number of cards is estimated at a maximum of sixty thousand.

3. As the extra expense involved in these proposals is considerably less than the savings effected by not employing the full complement so far, and as the work involved is very heavy, I recommend that (1) the term of the staff sanctioned may be extended till 10-12-1943 and (2) the clerks who have to overwork be given the overtime allowance recommended.

I have the honor to be,
Sir,
Your most obedient servant,

M Srinivasan

Director ~~of Civil~~ Supplies.

Ration Census - Staff for -

The full establishment sanctioned for Ration Census work in Government Orders No.SD.2080-4/A.99-43-2 dated 28-9-43, SD.366-68/A.114-43-5 dated 16-10-43, SD.2482-5/A.114-43-6 dated 26-10-43 was not entertained throughout the period of my special duty commencing from 26-8-1943. Appointments have been made only as and when necessity arose and it was also found that it was not practicable to secure experienced hands, as these appointed from several offices were not relieved promptly and therefore did not appear for duty. After exhausting this source of drawing officials already in service, I sought the orders of the then Director and with his approval, in view of the urgency of the situation, I inserted advertisements in the daily papers for only Non-Brahmin Intermediates and Graduates with a view to appoint them. Even then, the response was not very encoureging as, inspite of the offer of Rs.40/- and Rs.60/- very few Intermediates turned up and with a view to expedite the despatch of work, I had to appoint several officials on only Rs.30/- per mensem, in view of the fact that they were only S.S.L.C's.

The full complement of clerks was not got at, in spite of these advertisements with the result that the work of tabulation had to begin with less than the sanctioned staff, and it is only during the last few days that I have been able to fill up the full complement.

There has thus been considerable savings in the entertainment of the sanctioned staff, and out of the recurring expenditure per month of Rs.2592/- only a sum of Rs.1896/4/- has been utilised till the 1st November 1943. The scrutiny of forms has taken more time than I had anticipated.

As the work of tabulation and writing of Ration cards has to be expedited, I request permission to promise an overtime allowance to the existing staff, to get the work done in time, subject to the condition that the total cost does not exceed the sanctioned scale. I propose an

allowance of Rupees five for one thousand cards. The total number of cards may be about 60,000 in all and time may kindly be allowed till 10-12-1943.
